

Feynn Labs Internship: Project 2: Task Completion Summary:

[02-02-2024 to 11-02-2024]

Code Implementation Contributors:

We would like to acknowledge the valuable contributions of the following individuals to the implementation of the code for the Market Segmentation project using the [McDonald's dataset](#):

1. Sudheer Chowdary Pulapa – [[GitHub Link 1](#)]
2. Kanishk Singh – [[GitHub Link 2](#)]
3. Deepak Singh – [[GitHub Link 3](#)]
4. Anup Jadhav – [[GitHub Link 4](#)]
5. Chetana Pundlik Lagshetti – [[GitHub Link 5](#)]

The complete implementation of the code can be accessed through the provided GitHub links. Additionally, the McDonald's dataset used for the project is available at [[Dataset Link](#)].

Market Segmentation: Report Task Contributions:

1. **Sudheer Chowdary Pulapa (Lead Intern)** – Steps 1, 2, 3, 4, 5
2. **Kanishk Singh** – Steps 1, 2, 3, 5, 6
3. **Deepak Singh** – Steps 1, 2, 3, 6, 7
4. **Anup Jadhav** – Steps 1, 2, 3, 7, 8
5. **Chetana Pundlik Lagshetti** – Steps 1, 2, 3, 8, 9

We extend our gratitude to all contributors for their dedication and collaborative efforts in completing the Market Segmentation project. Each team member's unique expertise and commitment have contributed significantly to the project's success. Special acknowledgment is due to Sudheer Chowdary Pulapa for leading the team and overseeing the project's execution.

The comprehensive implementation of the code and utilization of the McDonald's dataset exemplify **Feynn Labs'** commitment to excellence in data analysis and strategic market segmentation. We look forward to leveraging the insights gained from this project to drive future initiatives and enhance our competitive edge in the market.

We express our appreciation to everyone involved and anticipate continued success in our future endeavours'.

Warm regards,

[Sudheer Chowdary Pulapa/Lead Intern/Feynn Labs]
